

ORDINANCE NO. 648

**AN ORDINANCE PROVIDING FOR TRAFFIC AND PARKING
REGULATIONS AT THE MONTEREY PENINSULA AIRPORT**

SECTION 1. Definitions. Words or phrases defined in this ordinance have the meanings set forth herein. Words or phrases are not defined in this ordinance, but defined in the California Vehicle Code have the meanings set forth therein.

"Airport" means the Monterey Peninsula Airport and all lands within the unincorporated portion of the County of Monterey owned or operated by the Monterey Peninsula Airport District for airport purposes or activities.

"Airport Manager" means the General Manager of the Airport or his or her designee.

"Board of Directors" means the Board of Directors of the Monterey Peninsula Airport District.

"Chief of Police" means the chief of the Monterey Peninsula Airport District Police Department or his or her designee.

"Curb" means the lateral boundary of the roadway, whether such curb is marked by curbing construction, paint, reflectors or buttons on the roadway surface or is not so marked.

"District" means the Monterey Peninsula Airport District.

"FAA" means the Federal Aviation Administration.

"Mph" means miles per hour.

"Operator" means every person who shall operate a vehicle as the owner thereof, or as the agent, employee or permittee of the owner, or who is in actual physical control of a vehicle, including, without limitation, the driver thereof.

"Parking" means the stopping, parking or leaving standing of any vehicle.

"Police Officer" means every officer of the Monterey Peninsula Airport District Police Department or other peace officers acting at the request of the Airport Manager or Chief of Police.

"Street" means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public; Airport tenants, their employees and invitees;

or others for purposes of vehicular travel or parking and shall include, without limitation, any highway, road, alley, public parking lot, public parking area and public drive.

"Street and Traffic Control Device Map" means that map setting forth the locations and types of streets, traffic control devices, surface markings, curb markings, parking restrictions and the like on file in the offices of the District as of date of adoption of this ordinance, and as the same may be amended from time to time hereafter.

"Taxicab" means any motor vehicle used for the carriage of passengers for hire upon the basis of distance traveled or on a flat-fee basis, the operator of which holds a valid, unexpired operating permit from the District.

SECTION 2. Hours and Time Limits. Wherever certain hours are set forth in this ordinance they mean Pacific Standard Time or Pacific Daylight Time, whichever is then in current use. The provisions of this ordinance imposing a time limit on parking shall not relieve any operator from the duty to observe other or more restrictive provisions of the California Vehicle Code or the ordinances of the District prohibiting or the limiting parking in specified places or at specified times.

Section 3. Street Names. Streets referred to by name in this ordinance shall mean those streets so named as reflected in the Street Map and Traffic Control Device Map. The Airport Manager is directed to place and maintain appropriate street name signs at all intersections.

SECTION 4. General Applicability of Vehicle Code. Subject to the rules and regulations contained herein or otherwise adopted by the District pursuant to the California Vehicle Code, the provisions of the California Vehicle Code in effect as of the date of adoption of this ordinance, and as the same may be amended from time to time hereafter, shall apply upon all streets in the Airport.

SECTION 5. Traffic Officers. Each police officer is authorized to direct traffic. If a police officer determines that the traffic load on a particular street, or a portion thereof, is

such that little or no vehicular flow is occurring and, additionally, if the police officer finds that a significant number of vehicles are not promptly moving when an opportunity arises to do so, then the police officer may divert vehicles, excepting public safety or emergency vehicles, from that street, or portion thereof, subject to traffic congestion until such time as reasonably flowing traffic is restored. The police officer may place any approved traffic control devices to accomplish such diversion. Members of the Airport Fire Department, when at the scene of a fire, accident or other emergency, may direct or assist police officers in directing traffic thereat or in the immediate vicinity thereof and while so engaged shall be considered as traffic officers within the meaning of this ordinance and the California Vehicle Code.

SECTION 6. Failure to Obey Traffic Direction. It shall be unlawful for any operator to fail or refuse to comply with any lawful order, signal or direction of a traffic officer.

SECTION 7. Temporary Street Closure for Maintenance or Emergency. The Airport Manager or Chief of Police may temporarily restrict the use of or close any street whenever he or she considers such closing or restriction necessary for the protection of the public (due to the holding of assemblages or processions or otherwise), the protection of the street, or during construction, improvement or maintenance operations on the street. The Airport Manager and Chief of Police are directed to notify the public of any such temporary closure or restriction by erecting suitable traffic control devices, warnings, notices or signs or by assigning a traffic officer or by other method suitable to conveying to operators of vehicles on such street that it is closed or its use restricted.

SECTION 8. Parking on Closed Streets. No vehicle shall be parked on any street or portion thereof which is necessary for the cleaning, repair, or construction of the street, or for the installation of underground utilities or for a purpose other than the normal flow of traffic or for the movement of equipment, articles or structures of unusual size, if the parking of that

vehicle would prohibit or interfere with that use or movement provided that signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal. The Airport Manager is directed to place and maintain such signs wherever required in connection with such circumstances. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 9. Driving Over Fresh Pavement. No operator shall drive any vehicle over or across any newly made pavement or freshly painted markings on any street when a traffic officer, traffic control device, sign or other marking device is in place warning operators not to drive over or across such pavement or marking, or when any such sign or device is in place indicating that the street or any portion thereof is closed.

SECTION 10. Speed Limits. Except to the extent that lower speed limits are required by the California Vehicle Code or the ordinances of the District, the maximum speed limit upon any street within the Airport shall be 25 mph. The Airport Manager is directed to place and maintain appropriate speed restriction signs at all entrances to the Airport. In that Fred Kane Drive consists of roadway segments having a width of less than 25 feet, the Board of Directors has determined on the basis of an engineering and traffic survey that the vehicle speed limit of 25 mph is more than is reasonable or safe upon Fred Kane Drive declares that the prima facie vehicle speed limit upon Fred Kane Drive shall be 20 mph, which speed limit the Board of Directors finds most appropriate to facilitate the orderly movement of traffic and to be reasonable and safe. The Airport Manager is directed to place and maintain appropriate speed restriction signs at the junction of Fred Kane Drive with Olmsted Road and at the junction of Fred Kane Drive with Henderson Way.

SECTION 11. Through Streets. The following streets are through streets and all vehicles shall stop before entering or crossing the same:

Airport Road
Fred Kane Drive

The Airport Manager is directed to place and maintain appropriate stop signs at all entrances to such through streets.

SECTION 12. Stop Intersections. The street intersections shown on the Street and Traffic Control Device Map as intersections at which stop signs are to be placed are stop intersections and all vehicles shall stop at the respective entrances thereto designated on such map prior to entering the intersection. The Airport Manager is directed to place and maintain appropriate stop signs at the entrance or entrances thereto specified on such map.

SECTION 13. Yield Intersections. The street intersections shown on the Street and Traffic Control Device Map as intersections at which yield signs are to be placed are yield intersections and all vehicles traveling along the entrances thereto designated on such map shall yield to other traffic entering the intersection. The Airport Manager is directed to place and maintain appropriate yield right-of-way signs at the entrance or entrances thereto specified on such map.

SECTION 14. No Left Turns. No vehicle shall make a left hand turning movement at any entrance to any intersection shown on the Street and Traffic Control Device Map as an entrance at which a no left turn sign is to be placed. The Airport Manager is directed to place and maintain appropriate no left turn signs at the entrance or entrances thereto specified on such map.

SECTION 15. No Right Turns. No vehicle shall make a right hand turning movement any entrance to any intersection shown on the Street and Traffic Control Device Map as an entrance at which a no right turn sign is to be placed. The Airport Manager is directed to place and maintain appropriate no right turn signs at the entrance or entrances thereto specified on such map.

SECTION 16. No U-Turns. No vehicle shall make a U-turn at any entrance to any intersection shown on the Street and Traffic Control Device Map as an entrance at which a no U-turn sign is to be placed. The Airport Manager is directed to place and maintain appropriate no U-turn signs at the entrance or entrances thereto specified on such map.

SECTION 17. One-Way Streets. Streets identified on the

Street and Traffic Control Device Map as one-way are one-way streets and all vehicles therein shall be moved only in the direction specified on such map. The Airport Manager is directed to place and maintain appropriate one-way street and do not enter signs at the entrance or entrances thereto specified on such map.

SECTION 18. Lane Markings. Except as otherwise shown on the Street and Traffic Control Device Map, all two-way streets at the Airport are two lane streets, with one lane for movement in each direction. Streets shown on the Street and Traffic Control Device Map as having more than one lane for movement in any direction shall have the number of lanes shown on such map. All vehicles shall be moved only in the direction specified for the lane in which the vehicle is moving. The Airport Manager is authorized to mark and maintain center lines and lane lines upon the streets within the Airport to indicate the lanes and course to be traveled by vehicles.

SECTION 19. Crosswalks. Crosswalks between intersections are hereby established at the places shown on the Street and Traffic Control Device Map. The Airport Manager is directed to place and maintain appropriate pavement markings to indicate such crosswalks.

SECTION 20. Additional Temporary Traffic Control Devices. The Airport Manager or Chief of Police may place and maintain additional temporary traffic control devices meeting the requirements of California Vehicle Code when necessary or convenient to regulate traffic or to guide or warn traffic due to conditions of temporary congestion or hazard. The determination to place or maintain additional temporary traffic control devices shall be made by the Airport Manager or Chief of Police upon the basis of traffic engineering principles and traffic investigations and in accordance with such standards, limitations, policies and rules as may be set by the Board of Directors by ordinance or resolution. Such additional temporary traffic control devices shall be removed when the conditions which warranted or required the installation no longer exist.

SECTION 21. Obstruction of Traffic. It is unlawful for any operator to park on any street in such manner as to obstruct the

free use of such street. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 22. Off-street Parking Lots and Driveways. Permission is granted to drive vehicles upon those portions of the Airport devoted to public driveways and off-street public parking lots unless such driving is restricted by appropriate signs to specific classes of vehicles and to park vehicles upon those portions of the Airport devoted to off-street public parking lots in such manner as may be designated by appropriate signs or curb or surface markings. The restrictions and designations set forth on the Street and Traffic Control Device Map shall apply to the off-street public parking lots and public driveways specified on such map. The Airport Manager is directed to place and maintain appropriate signs or curb markings giving notice of said restrictions and designations. The Airport Manager is directed to keep available at the offices of the District a copy of the Street and Traffic Control Device Map which shall serve as a written statement of all restrictions and designations adopted under this section. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 23. Exiting from Parking Lots. The operator of any vehicle emerging from an off-street public parking lot shall stop such vehicle immediately prior to entering onto any street or adjoining sidewalk. The Airport Manager is directed to place and maintain appropriate stop signs at the exits of all off-street public parking lots.

SECTION 24. Parking Space Markings. When lines or other appropriate markings upon the surface of the street are in place designating parking spaces no operator shall park any vehicle except entirely within any such parking space. Within angle parking zones no operator shall park in any manner other than at the angle indicated by the markings on the surface of the street. When the parking of a vehicle is required to be within a parallel parking space, the vehicle or a combination of connected vehicles exceeding the dimensions of such a space may also occupy one or more adjoining parallel parking spaces, provided that all other

provisions of this ordinance applicable to such space shall be observed. No vehicle in excess of 15' in length shall be stopped, left standing or parked in any parking space designated for compact cars only by appropriate surface markings or signs. The Airport Manager is authorized to place and maintain appropriate lines, surface markings and signs for the designation of parking spaces and parking spaces for compact cars only. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 25. Freight Loading (Yellow) Zones. No operator shall park any vehicle, whether attended or unattended, except for the purpose of loading or unloading of freight onto or from a commercial vehicle for a period not to exceed the time limit set forth on the Street and Traffic Control Device Map in any of the places shown on such map as freight loading (yellow) zones at any time. The Airport Manager is directed to place and maintain appropriate signs or curb markings giving notice of this regulation at such places. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 26. Passenger Loading (White) Zones. No operator shall park any vehicle, whether attended or unattended, except for the purpose of loading or unloading of passengers or luggage or depositing mail in an adjacent mailbox for a period not to exceed the time limit set forth on the Street and Traffic Control Device Map or leave any vehicle unattended for any period of time in any of the places shown on such map as passenger loading (white) zones at any time. The Airport Manager is directed to place and maintain appropriate signs or curb markings giving notice of this regulation at such places. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 27. Time Limit (Green) Zones. No operator shall park any vehicle, whether attended or unattended, for any period of time in excess of the time limit set forth on the Street and Traffic Control Device Map in any of the places shown on such map as time limit (green) zones at any time. The Airport Manager is directed to place and maintain appropriate signs or curb markings giving notice of this regulation at such places. Vehicles parked in

violation of this section may be removed at the owner's expense.

SECTION 28. No Parking (Red) Zones. No operator shall park any vehicle, whether attended or unattended, except a bus stopped or parked in a red zone marked or sign posted as a bus loading zone in any of the places shown on the Street and Traffic Control Device Map as no parking (red) zones at any time. Within the no parking zones established above, bus loading zones are established in the places shown on such map. The Airport Manager is directed to place and maintain appropriate signs or curb markings giving notice of this regulation at such places. The Airport Manager is directed to place and maintain appropriate signs giving notice of this regulation at such places. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 29. Taxi Stands. No operator shall park any vehicle, whether attended or unattended, except a taxicab awaiting employment in any of the places shown on the Street and Traffic Control Device Map as a taxi stand at any time. The Airport Manager is directed to place and maintain appropriate signs or curb markings giving notice of this regulation at such places. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 30. Disabled Persons Parking (Blue) Zones. No operator shall park any vehicle, whether attended or unattended, unless the vehicle displays either a disabled persons special identification license plate or a disabled persons distinguishing placard issued pursuant to California Vehicle Code in any of the places shown on the Street and Traffic Control Device Map as a disabled persons parking (blue) zone at any time. With regard to on-street parking spaces designated for disabled persons, the Airport Manager is directed to place and maintain appropriate curb markings and in addition appropriate signs or other suitable means of giving notice of this regulation at such places. With regard to off-street parking spaces designated for disabled persons, the Airport Manager is directed to place and maintain by posting immediately adjacent to, and visible from, each stall or space, an appropriate sign and place and maintain appropriate surface

markings, each in compliance with the requirements of the California Vehicle Code. Furthermore, with regard to off-street parking spaces designated for disabled persons, a sign or signs of the size, type and wording required by California Vehicle Code authorizing the towing of vehicles unlawfully parked in spaces reserved for disabled persons shall be posted and maintained by the Airport Manager either immediately adjacent to, and visible from, each such stall or space or in the alternative in a conspicuous place at each entrance to the off-street parking facility. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 31. Angle Parking Zones. Angle parking zones are established at the places shown on the Street and Traffic Control Device Map. No operator shall park any vehicle in a space marked for angle parking unless one of the front wheels of said vehicle is within 12" of the curb or barrier marking the maximum forward movement for vehicles in said parking space. The Airport Manager is directed to place and maintain appropriate surface markings giving notice of this regulation at such places. The Airport Manager or Chief of Police may issue permits for the backing of a vehicle to the curb for the purpose of loading or unloading materials subject to the terms and conditions of such permit. Such permits may be issued either to the lessee of real property at the Airport or to the operator of the vehicle and shall grant such privileges as are therein stated. It shall be unlawful for any permittee to violate any of the terms or conditions of such permit. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 32. Permit Parking Zones. No operator shall park any vehicle, whether attended or unattended, in any of the places shown on the Street and Traffic Control Device Map as permit parking zones at any time without a permit allowing for such use. The Airport Manager is directed to place and maintain appropriate signs giving notice of this regulation at such places. The Airport Manager or Chief of Police may issue permits for the use of permit parking zones subject to the terms and conditions of such permit. Such permits may be issued either to the lessee of real property at

the Airport or to the operator of the vehicle and shall grant such privileges as are therein stated. It shall be unlawful for any permittee to violate any of the terms of conditions of such permit. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 33. Reserved Parking. No operator other than the operator to whom the use of such space has been reserved shall park any vehicle, whether attended or unattended, in any of the places shown on the Street and Traffic Control Device Map as reserved parking at any time. The Airport Manager is directed to place and maintain appropriate signs giving notice of this regulation at such places. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 34. Overnight Parking. No operator shall park any vehicle, whether attended or unattended, in any of the places shown on the Street and Traffic Control Device Map as a place where overnight parking is prohibited between the hours of 2 a.m. and 6 a.m. without a permit. The Airport Manager is directed to place and maintain appropriate signs or curb markings giving notice of this regulation at such places. The Airport Manager or Chief of Police may issue permits for overnight parking subject to the terms and conditions of such permit. Such permits may be issued either to the lessee of real property at the Airport or to the operator of the vehicle and shall grant such privileges as are therein stated. It shall be unlawful for any permittee to violate any of the terms or conditions of such permit. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 35. Double Parking by Commercial Vehicles. It shall be unlawful for the operator of any commercial vehicle to park such vehicle so that its right tires are more than 18" from the curb. Vehicles parked in violation of this section may be removed at the owner's expense.

SECTION 36. Parking in Excess of 72 Consecutive Hours. No operator shall park or cause to be parked any vehicle on any street within the Airport for any period exceeding 72 consecutive hours. Any vehicle so parked is declared to be a public nuisance and any

police officer may remove it or cause it to be removed pursuant to this ordinance and/or the California Vehicle Code. This section shall not apply to vehicles lawfully parked by or with the permission of a tenant or lessee on property rented or leased to said tenant or lessee by the District for the purpose of vehicular parking.

SECTION 37. Vehicle Repairs, Washing, Etc. No person shall make any repairs to, or install any part or accessory on, any vehicle while it is upon any street, except emergency repairs necessary to enable a disabled vehicle to be moved from the street. No person shall wash or cause to be washed or polish or cause to be polished any vehicle or any part thereof upon any street.

SECTION 38. Vending Prohibited. The Board of Directors, having determined that the public safety requires such regulation, declares that no operator shall park any vehicle or place any structure wholly or partly within any street for the purpose of selling such vehicle or structure, or selling therefrom or thereon any article or thing. No person shall sell, display for sale, or offer for sale any vehicle or thing either in or from any such vehicle or structure so parked or placed. The provisions of this section shall not prohibit a seller from taking away or delivering any commodity from a vehicle on that part of a street immediately adjacent to the premises of the purchaser.

SECTION 39. Report of Damage to District Property. The operator of any vehicle involved in any accident resulting in damage to any property owned by the District, including, but not limited to any fire hydrant, parking meter, lighting post, telephone pole, fence, electric light or power pole, or resulting in damage to any tree, traffic control device or other property of a like nature located in or along any street, shall within one business day after such accident make a written report of such accident to the Airport Police Department office. Every such report shall state the time when and the place where the accident took place, the name and address of the person owning and of the person operating or in charge of such vehicle, the license number of every such vehicle and shall briefly describe the property

damage in such accident. The operator of any vehicle involved in any accident shall not be subject to the requirements of this section if and during the time he is physically incapable of making a report, but in such an event he shall make a report within one business day after regaining ability to make such report.

SECTION 40. Chalk Marks. It is unlawful for any operator to remove, obliterate or conceal for the purpose of evading the time limitations set forth in this ordinance any chalk mark or other distinguishing mark used by any police officer in connection with the enforcement of the parking regulations of this ordinance.

SECTION 41. General Exemptions. This ordinance shall not apply when violation is necessary to comply with the directions of a traffic officer or official traffic control device.

SECTION 42. Commercial Vehicle Exemptions. Sections 8, 9 and 24-36 of this ordinance shall not apply to commercial vehicles carrying heavy tools, material or equipment while actually engaged in construction or repair work upon a street or property adjacent hereto provided that the operator thereof obtains a permit. The Airport Manager is authorized to issue permits for such use subject to the terms and conditions of such permit. Such permits may be issued either to the lessee of real property at the Airport or to the operator of the vehicle and shall grant such privileges as are therein stated.. It shall be unlawful for any permittee to violate any of the terms or conditions of such permit.

SECTION 43. Government and Emergency Vehicle Exemptions. This ordinance shall not apply to emergency vehicles, to vehicles of any political subdivision of the State of California, or to vehicles of a public utility provided in each instance that the driver of any such vehicle is engaged in the necessary performance of public emergency duties. Sections 25-29 and 32-26 of this ordinance shall not apply to vehicles of the United States Postal Service while delivering or collecting mail, to vehicles of the United States Department of Transportation, to vehicles of the FAA or to vehicles of the District.

SECTION 44. Penalties. Every person who violates any provision of this ordinance is guilty of an infraction, and upon

conviction thereof shall be punished in the manner specified in California Vehicle Code Section 42001 with respect to violations other than those parking violations for which a fine is below specified, or with respect to violations described in sections 8, 21-22 and 24-36 by a fine in the amount of Twenty Dollars (\$20) or such greater sum as may be provided by the California Vehicle Code for the violation of such a parking restriction.

SECTION 45. Repeal and Cancellation of Prior Ordinances and Resolutions. Ordinance No. 157, entitled "An Ordinance Providing for the Establishment of Traffic and Parking Regulations"; Ordinance No. 166, entitled "An Ordinance Amending Ordinance No. 157, 'An Ordinance Providing for the Establishment of Traffic and Parking Regulations' So As to Create Permit or Restricted Parking Areas and Providing for Color Coded Curb Marking"; Section II entitled "General Traffic Regulations — Automotive" of Ordinance No. 230, entitled "An Ordinance to Provide Rules and Regulations for the Use of Facilities of Monterey Peninsula Airport, Declaring the Violation of the Ordinance to be a Misdemeanor, and Providing Penalties for Violations Thereof"; and Ordinance No. 627, entitled "An Ordinance Regulating the Duration of Parking, Providing for the Removal of Certain Vehicles, and Imposing Penalties" are each hereby repealed. To the extent that they have not already been repealed Ordinance No. 33, entitled "An Ordinance to Provide Rules and Regulations for the Use of Facilities of Monterey Peninsula Airport, Declaring the Violation of the Ordinance to be a Misdemeanor, and Providing Penalties for Violation Thereof"; Ordinance No. 61, entitled "An Ordinance to Amend Ordinance No. 33 of the Monterey Peninsula Airport District Entitled 'An Ordinance to Provide Rules and Regulations for the Use of Facilities of Monterey Peninsula Airport, Declaring the Violation of the Ordinance to be a Misdemeanor, and Providing Penalties for Violation Thereof', Adopted September 21, 1949, by Adding Thereto Section IA Providing Landing Fees for Certain Aircraft and by Adding Section IB Providing Rules for Operation and Parking of Motor Vehicles upon the Monterey Peninsula Airport, and Repealing Ordinances or Parts of Ordinances in Conflict Therewith"; Ordinance

No. 99, entitled "An Ordinance to Provide Rules and Regulations for the Use of Facilities of Monterey Peninsula Airport, Declaring Violation of the Ordinance to be a Misdemeanor and Providing Penalties for Violations Thereof"; and Ordinance No. 137, entitled "Ordinance Amending Ordinance No. 99 the Rules and Regulations Ordinance of the Monterey Peninsula Airport District by Adding Section XV, Liability and Property Damage Insurance" are each hereby repealed. All other ordinances and parts of ordinances in conflict with this ordinance, to the extent of such conflict and no further, are each hereby repealed. Resolution No. 503, entitled "A Resolution Establishing Parking Meter Zones: Establishing Meter Rates and Maximum Meter Time Limits"; Resolution No. 524, entitled "Amending Resolution No. 503, A Resolution Establishing Parking Meter Zones, Establishing Meter Rates and Maximum Meter Time Limits"; Resolution No. 602, entitled "A Resolution Establishing No Parking, Restricted Vehicular and/or Pedestrian Areas on the Monterey Peninsula Airport and Canceling and Superseding any Prior Resolution that May be in Conflict with This Resolution"; Resolution No. 812, entitled "A Resolution Establishing Bail for Parking Violations and Canceling and Superseding Resolution No. 729"; and Resolution No. 929, entitled "A Resolution Establishing Bail for Traffic and Parking Violations and Canceling and Superseding Resolution No. 729" are each hereby canceled. To the extent that they have not already been canceled, Resolution No. 519, entitled "Establishing Bail for Parking Meter Violations"; Resolution No. 545, entitled "Establishing Paid Permit Parking"; and Resolution No. 599, entitled "A Resolution Establishing Bail for Parking Violations and Canceling and Superseding Resolution No. 519" are each hereby canceled. All other resolutions and parts of resolutions in conflict with this ordinance, to the extent of such conflict and no further, are each hereby canceled.

SECTION 46. Severability. This ordinance is not the exclusive regulation of traffic or parking within the Airport and shall supplement and be in addition to the other regulatory codes, statutes and ordinances heretofore or hereafter enacted by the District, the State of California or any other legal entity or

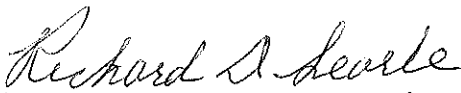

agency having jurisdiction. This ordinance shall not be interpreted or construed to permit parking where or when it is otherwise restricted by other applicable laws. Nothing in this ordinance shall authorize the maintenance of any public or private nuisance. If any provision, clause, sentence or paragraph of this ordinance or the application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the other provisions of this ordinance which can be given effect without the invalid provision or application and to this end, the provisions of this ordinance are declared to be severable.

SECTION 47. Effective Date. This ordinance shall take effect thirty (30) days from and after the date of its adoption. No provision of this ordinance for which signs, pavement markings, curb markings or other markings giving notice thereof are required by the California Vehicle Code shall be effective unless and until such signs or markings are in place.

PASSED AND ADOPTED BY THE BOARD OF DIRECTORS OF THE MONTEREY PENINSULA AIRPORT DISTRICT this 10th day of December, 1997, by the following roll call vote:

AYES:	DIRECTORS:	Faul, Irwin, Nakamura, Chairman Searle
NOES:	DIRECTORS:	None
ABSENT:	DIRECTORS:	Haskell

Signed this 10th day of December, 1997

Richard D. Searle, Chairman
