Discussion 1. Review of New Service Announcements

Executive Director La Pier reviewed the new service announcements by Alaska Airlines, JSX and American with the Committee. Alaska announced new Seattle service beginning in June followed by a second daily round trip to San Diego in September. JSX will begin service between Monterey, Orange County and Ontario in May and American will return to the Dallas – Monterey market with year-round daily service beginning in April. They will also add a second daily DFW flight that will operate on a test basis beginning in April and operating through the end of May. If the second flight performs well, American has indicated they would consider bringing it back to the market in September and operating it at least through the holiday period.

Director Sabo asked about the inaugural flight celebrations being planned for each new service. La Pier reviewed the initial planning with the committee. Director Sawhney asked if these new services and the celebration planning could be shared with the full Board. La Pier indicated this is very public information and the committee should feel free to report out to the Board.
